

Wednesday webinar

PRESENTED BY PALMETTO CARE CONNECTIONS

Heather Evans, MD, MS
Vice Chair of Clinical Research
and Applied Informatics
Professor of Surgery
Medical University of South Carolina

Lessons Learned: Implementing Remote Wound Monitoring to Enhance Surgical Care

March 23, 2022
1:00pm-2:00pm EST

Remote patient monitoring involves the acquisition and reporting of patient generated health data to aid in clinical decision making. Dr. Evans will describe the development and implementation of two different approaches to post-discharge surgical wound monitoring and focus on the challenges of meeting the needs of multiple stakeholders in a complex care process.
